

ST600

Overhead Book Scan Center

Your affordable overhead scanning solution for public and academic library locations

For years libraries have wanted a fast, easy-to-use, affordable, and non-destructive way of scanning books and other items in the library. ST Imaging, in partnership with Fujitsu, introduces the ST600 Overhead Book Scan Center. By adding an attractive all-metal platform and simple-to-use kiosk software, this proven scanner is perfect for public use. The platform securely connects to the scanner and provides a great platform for scanning your collection. The ST600 Overhead Book Scan Center creates beautiful color images that can be printed, saved to a thumb drive, saved to the web or emailed. **See what all the talk is about and ask for a demonstration today.**

For more information or to find a local reseller call 847-501-3344 or go to www.stimaging.com

Complete system includes:
Overhead Scanner
ST Imaging Book Platform
ST Imaging Kiosk Software
All-In-One Touch Screen PC

ST Imaging Book Platform

The stable and inclined book platform makes positioning and scanning a book easy. The stable base protects the scanner from being tipped over or removed. An inclined platform makes it easier to see standing or sitting. The solid aluminum construction is designed for public use.

Dimensions:

Weight: 19.5 Lbs./8.85kg

Width: 21.25"/54cm

Depth: 21.75"/55cm

Height: 3.75"/9.5cm

ST Imaging Kiosk Software

ST Imaging is a leading provider of secure and easy to use walk up user and kiosk scanning systems. Our kiosk software provides Custom and Quick Scan modes for the first time user and the professional user. Previous user settings are automatically reset, and provides a simple, safe and secure scanning environment. ST Kiosk software is in operation at more than 1,000 public locations including academic, public, government, and other locations that understand the importance of a proper public software environment.

ST 600 Overhead Book Scan Center

ST Imaging has teamed up with Fujitsu to incorporate an overhead Fujitsu SV600 scanner into the ST600 Overhead Book Scan Center giving it unmatched performance at a reasonable price.

All-in-One Touch Screen PC

The ST600 Book Scan Center can be ordered with an All-in-One Touch Screen PC which makes using the system very easy and reduces the support requirements for the organization by reducing or eliminating cables and connections from the public setting.
